### YOUNGER KIDS ART CLASS

(ages 4-6)

I have been asked by a few people about classes for younger kids.

I can provide these classes, but I won't be putting them on the schedule right now.

I will however, book these as private classes, at the same regular price of \$8 per student, plus materials.

So, if you can get a group of young ones together (min: 4), I can set a suitable time & you can choose the subject matter.

### FRIDAY TEEN ART/ PIZZA NIGHT

(ages 13-17)

I have also been asked about classes for teens. I have set aside Friday Nights from 6-8pm as a teen night, where they can create art and have some pizza and snacks.

Like the younger kids class, I won't be putting this on the official schedule, but if you can get a group of teens together, I can set this up. Minimum is 4 and the cost will be \$15, which includes the class, materials and food. CALL FOR DETAILS!
